

Privacy Policy for all Android Apps created by David E Thiele

Apps created by David E Thiele do not collect and store personal information such as Name, Phone Number, or e-mail Address. The App may check your phone state as an operational requirement of AI2 App Inventor software. Since no information is collected and stored by David E Thiele, your personal information will not be shared with any third party. There are no in App purchases available so my Apps do not collect things like credit card numbers, purchase dates, etc. This means all reasonable precautions have been taken to make sure your personal information is secure.

This privacy policy extends to all Bible Insight Apps, Faith Point Apps, and any and all standalone Apps created by David E Thiele.
